In response to inquiries pertaining to the business practices of ST Enterprises, as well as the National Socialist Vanguard, the following statement is submitted by ST Director F. L. Surber, Business Director and founder of ST Enterprises and the NSV.

From a business standpoint, the services that we provide are highly specialized in their respective fields. We use only the finest equipment of its kind in all of our business enterprises (i.e; Maytag and Speed Queen equipment in our laundromats, Steam Genie truck mounted carpet cleaning plant which is renowned as the finest equipment of its kind and far superior to any other method of cleaning, our Electric Eel sewer and drain cleaning equipment is without peer both from a standpoint of quality and rugged durability as well as simple, superior operation and job satisfaction). Incidentally, ST Enterprises performs all its own maintenance on every piece of equipment and vehicle that we own. Utilizing this unique concept and well-trained personnel, we are able to do jobs that our competitors are unable to tackle. In fact, our biggest Electric Eel business, in the beginning, was redoing jobs that our competitors had failed to satisfactorily accomplish. We do, in fact, have the capability of doing a job with one man in 20 minutes that would consume an entire day for a crew from Roto-Rooter, and we can do it better and at a fraction of the cost. This enables us to give a 30-day guarantee on our work --NOBODY CAN DO THAT, except ST!

In our janitorial work, we use only the finest Johnson's Wax commercial products. Though our materials are, in this way, more expensive than those used by our competitors, we can make our savings on costs in less time required to do the job and with superior quality employees who are not afraid of HARD WORK, thus providing a highly superior service at a lower price.

You may well wonder, "How is all this possible even with the higher quality equipment and materials"? The answer to this should be obvious to anyone: Our mission is to prove the superior qualities of our people and we have done this. Our people utilize the finest equipment and materials that money can buy and we do not let cost be a handicap in providing the best for less to our customers. This can be simply interpreted as superior ability combined with volume services. That is where our money is. We have work quotas and provide bonuses as an incentive to our employees. Also, ST men are a very special breed and we use no others. Our ST men work for and earn a salary that is 48% higher than scale in these types of work. We do not and will not pay anyone something for nothing. The first thing that our people learn is that they are the best people and are paid considerably more than their peers in the job market, but "we will break your back earning it".

As for salaries, let me illustrate: One man was paid $1. per week for five months and, though totally unskilled and unqualified for highly specialized endeavors, he soon became very well qualified. This individual worked less than six hours per week during this period of time while he was learning the trade. That comes to a rather conservative salary of nearly $21 per hour, - BUT you better believe he earned every dime of it. Our full-time employees, working at a fixed hourly wage, earn up to $8.03 per hour in a kind of work that generally pays only minimum wage. Why do we pay them so well? Simple: They (with proper supervision) earn their hundreds by making us our thousands. We demand, expect as a minimum, and get a full hour of work for an hour's pay. That, my friends, is not capitalism--it is free enterprise and it works. Also, please consider that every dime of ST profit is invested in providing the finest equipment and materials, normal operating overhead expenses and expendable materials such as vehicle fuel, shampoo, wax and the myriad of day-to-day expenses in running a complex organization. The balance of our income is totally invested in the construction projects in the Eastern Empire. We do have an in-house heirarchy, the pecking order of which depends upon an individual's proven abilities which, in turn, determine whether he is an employee, company member, manager etc. ST Managers are salaried at $150 per week minimum and a 30% commission on their jobs completed and paid. Our managers generally earn a weekly commission/salary of up to $500 per week, but the headaches and responsibilities can kill the average man (another reason we employ only ST personnel). Furthermore, our managers are not company employees, but are self-employed contractors who are fully responsible for their own operations and actions. They do, however, generally work an average of 14-18 hours per day, 6.5 days per week.

Your ST Directors are another matter entirely. All three directors are private business entrepeneurs, either federally or self-employed and the ST Business Director and founder of ST Enterprises and the NSV is a retired professional soldier who is in private business as well. The Directors work an average 120-hour week for ST and NSV and receive no salary or compensation from these endeavors. In fact, Mr. Surber regularly contributes an average of over $2,000 per month of his own personal income to ST and NSV activities as well as having financed the entire operation and incorporation of ST Enterprises and the National Socialist Vanguard at a sum well in excess of $130.000. Additionally, Mr. Surber routinely performs all of the required equipment and vehicle maintenance himself, while performing the duties required of operating his own private business as well. Mr. Cooper joined the ST and NSV Director Staff just 18 months after the operations began and has regularly provides the majority of the fuel for the vehicles and personally finances both the printing and mailing of the quarterly NSV Report.

Our business reputation is four-star and our credit rating is excellent. This is outstanding when you consider that we are a new company and are in highly cmpetitive fields of endeavor, competing with some nationally recognized and advertized firms, We have a local reputation as being absolutely the best in the services that we provide. Our customers regularly compete for our services rather than call the other places. This is attested to by our customers and even grudgingly admitted to by our competitors.

Anyone desiring to satisfy themselves as to our business acumen and stature is encouraged to contact the Credit Bureau, the Better Business Bureau, The National Federation of Independent Businesses, the Chamber of Commerce etc.

As you will find elsewhere in this report, we are currently looking for several good, well-qualified men for training, employment and in the completion of our essential projects in the Eastern Empire. These positions are to be filed within the next several months. However, we absolutely will not tolerate those persons who may constitute a leadership challenge. We are not a patient, conservative or liberal people by nature. We are National Socialists characterized by intellect, ability, creativity, white superiority, and no small arrogance and bearing. If you do ever come into our employ, you will be treated fairly and granted all the authority, responsibility, privileges and rewards to which you may become entitled, but you must first of all be totally dedicated to the advancement of National Socialist ideals, even a little arrogant yourself, damned proud of your race and its contributions to the world order and totally loyal to your white race as well as desiring only to serve your race as your final reward. Bear in mind, however, the work required is difficult, the hours long and exhausting and we will demand more of you than you think you can provide, but you will. We expect total effort from our Stormtroopers, nothing less will do, that is the kind of people we are--NAZI's. We demand the best and the most from the best and we will not tolerate less.

Top Work, Top Pay

Knowing of your concern that the federal government use good management practices, the Office of Personnel Management is seeking your comments on proposed changes in pay regulations for federal workers: OPM wants to introduce a pay-for-performance system.

Under the present system, step or grade increases are granted automatically after government employees complete a specified amount of time, thus stripping quality-performance incentive and escalating—in both pay and rank—employees who may not deserve it.

Comments should be sent to the U.S. Office of Personnel Management, Public Affairs, 1900 E St. N.W., Washington, D.C. 20415.

Sen. Wants Bidding Snafus

Sen. Charles Grassley, R-Iowa, is seeking examples of small businesses losing federal contracts—when they could have done the job or built the product for less money. Grassley intends to use the information he compiles to battle for small business during the various procurement forays before Congress.

If you have hit snafus with the procurement process contact Sen. Charles Grassley, Room SH-135, Hart Office Building, Washington, D.C. 20510. ■

Current Business Update: As this report reaches you, ST Enterprises is two years old. As the business front for the National Socialist Vanguard, we can report nothing but continuing success and corporate growth. The past four months alone have shown two quarterly increases in business of 100% and 150% respectively.

I am very excited with this growth as we are currently in a very solid financial position and our profit and loss statements for the months of August and September have both shown healthy net profits of $4,100 and $6,200 respectively. The real beauty of these findings, aside from the personal satisfac-

tion is the fact that this financial picture enables us to move up our Eastern Empire project by another four to six months. At our present business productivity, we will see the completion of the essential construction at "Wolfstadt" by midMay 1984, weather permitting.

In view of our business successes and anticipated earlier date of completion of construction at Wolfstadt, we have undertaken additional and earlier modifications in our local business operations. We have closed the Quartermaster Laundry and are currently dismantling it for shipment to the Eastern Empire. We are expanding our office space and upgrading and remodelling the laundromat building to enable us to offer even better services to our customers and afford more room and comfort for the NSV office staff and ST Operations Sections. Further, we have terminated operation of the Electric Eel drain and sewer cleaning service in this locale and have transferred that entire operation with the operation manager to the Eastern Empire. Within 48 hours of establishing the company in the local town, we had three service jobs lined up. Currently, the Electric Eel operation is consistently breaking even on income and overhead expenses. At its current rate of growth, through word of mouth, and completion of plans for local advertizing, telephone service and opening of a business office in that area, we anticipate that the company will be highly profitable in tnat locale.

Since the end of April, we have established new and firm business relations with two more local school districts, four major property management corporations and the Monterey County business/administration offices. The superior work performed by ST Enterprises has generated a snowball effect in expanding our workload and income through repeat calls for services, recommendations passed along through the local business community, and new business generated from our reputation for providing a superior service and fair pricing.

We have also expanded our expertise in the carpet and upholstery cleaning business through professional training, education and on-the-job training with the experts in the various aspects of the trade. Through this in-house training, we have progressed from simple rug and chair cleaners to carpet and upholstery cleaning and maintenance specialists. We can now offer such additional services as carpet and upholstery repair, upholstery and on-the-rod drapery cleaning and dry cleaning, as well as custom van and RV showcase cleaning. We also have the capability of steam/pressure cleaning cargo vans and trucks and mechanical equipment (mobile steam cleaning), as well as high pressure steam/detergent cleaning of engines, implements and equipment.

MANAGEMENT REPORT

The Real Movement: Vol. 1, No. 2, of the NSV Report listed five positive aspects which indicated that the White survival movement is making headway. Yes, everything is in favor of the Whites in the long run. What we did not discuss to any significant degree is the tremendous potential existing within the underground section of the Movement.

Although the hardcore members of the various White survival groups are busy agitating for a White America and advocating readiness for the forthcoming race war, these activists merely represent the tip of the iceberg. It is

difficult to calculate what percentage of the iceberg this tip is, but when you consider that the basic racial instincts of the White masses that backed Ronald Reagon's moral majority appeal as opposed to Jimmy Carter's appeal ar the same instincts held by the tip of the iceberg, then one can fully appreciate the power that remains untapped by Movement leaders among the White masses. Of course, we must remember that the masses have been misled and miseducated to the point of being cruelly brainwashed so in drawing this conclusion as we have, we have applied the National Socialist understanding of the instincts (along with the values and ideals which are secondary to instincts). Remember, the deepest understanding of human nature and the world we live in is based on the understanding of the instincts involved.

When the NSV was first founded, The Directors recognized that most of the visible Movement organizations had leadership shortcomings, either because o: their methods of appeal to the masses, because some are intellectual cowards even though their "paper tiger" organizations publish good material or because what is preached is not what is practiced in the personal lives of the activists. The NSV Directors saw very few individuals that made the right appeal to the White instincts and practiced what was preached and worked with the people reached. Unfortunately, an individual can only do so much so the tip of the iceberg still remains relatively small compared to the massive force that yet remains untapped and unorganized.

Almost everyone receiving this mass mailing is either active in the Movement or is concerned enough to ask us to be kept on the mailing list. We all have a tendency to criticize the White masses in general for not supporting our efforts, but how many of us have stopped to consider the situation from another point of view? For instance, how many of you, if you were a mature adult who agreed with the stand on White survival and the basic principles that we uphold, would become financial contributors to individuals or organizations that you believed had little or no leadership ability? Most of the Movement financial support comes from small, sometimes individual, businesses as well as middle income people who cannot afford heavy donations. The big businesses and wealthier people may sympathize with us, but they do not have much faith in what leaders they see.

It would be unreasonable to expect a supporter to gladly submit a $10 donation to some begging leader who will not work, but somehow can come up with enough money for liquor, gambling, women etc. How would you feel if you parted with $25 of your money and then later learned that your "great leader" spent it in some men's hair styling salon and then later yet made sexual advances towards your girlfriend? How about a person who attempts to sell his organization's mailing list to a person that he had believed was an agent for a couple years prior to the attempted sale, just so he could "make a buck"? How many of you have made bad loans to "leaders" or bought fake redeemable stock certificates only to learn later that you were robbed by someone who professes to be a leader of the "White race's finest elements"? In addition to lacking basic leadership ability, many prominent Movement figures are immoral in their personal lives and are not gainfully employed--they live off your donations! (Caution: It would be a good idea to investigate the personal life styles and living habits of anybody to whom you send money!) If the current Movement figureheads want more support, let them earn more respect as respect does not come by one simply demanding it!

The NSV has a community involvement program. Sure, ST Enterprises is an incorporated profit making organization, but this is how we finance our operations. The more we work, the more we earn and the more we can do to not only advance NSV operations, but also to establish good public relations resulting from fair business practices.

Monterey County is plagued with racial problems (Mexicans in Salinas, negroes in Seaside etc.). It is not unusual for our employees to enter the home of a White stranger to perform a job and then hear the customer complain about the Mexicans, the welfare, high cost of living, increasing prices with decreasing products and service standards etc. Without the customers knowing who ST fronts for, we find that their views are becoming more radical and their sentiments more openly racist. Consequently, we feel a deep sense of pride and accomplishment when we leave the customer with the best job done at the cheapest price as well as having made more friends to be added to the list we have made already. Here is just another indication that average ordinary White people will give the Movement mass support when the day comes. Yes, the real Movement is underground. The real leaders of the Movement understand this and are not seeking publicity as an ends in itself, but many of the phony leaders are.

The NSV Directors realize that our approach to reaching people is sane and successful. It is our hope that other White survival activists will engage in a similar approach in their own local areas. This avenue, we believe, will be the one most needed to restore respect and public credibility for National Socialists, Klansmen or whatever--a badly needed respect when you consider the unsavory characters that give the Movement a bad image.

Hail Victory!

OPERATIONS REPORT

Eastern Empire Update: Through the business successes of ST Enterprises, we have determined that we are in a financial position to proceed with the major essential construction projects at "Wolfstadt".

During the last week of July, we terminated local Electric Eel operations for drain and sewer work and transferred both the local operations manager and equipment to the Eastern Empire.

We are pleased to announce the promotion of Mr. John A. Hocking to the position of Northern District Manager (OPNS). Mr. Hocking has been with ST Enterprises even prior to its official inception; was a major asset to both the new upcoming corporation and the corporation founder and Business Director F. L. Surber in building the company assets; and in establishing, operating and working with the company, not to mention the many long and arduous working hours in building and establishing the corporation amd its many operations. Mr. Hocking has proven his dedication and loyalty through his work efforts and loyalty, particularly in the beginning when all the hard work was yet to be done, parts still on order to be put into service, major plumbing not yet installed and construction projects facing us, to bring the corporation, as a whole, into being. Mr. Hocking performed more than a few 24-hour consecutive work days in getting ST Enterprises operational and he has consistently proven his mettle through blood and sweat throughout that first year. He never grew discouraged, even at times when any other man would have given up in the face of the arduous tasks being done and a seemingly endless number of hard tasks ahead. I recall many times that Mr. Hocking and I labored all day and all night until we could not even get up any more, but we continued in our tasks on hands and knees to complete those necessary projects with no end in sight. Also, on many occasions, Mr. Hocking stood as my good right arm in combat with local Mexican-Gang groups, various hoodlums and vandals in protecting ST property and on many other occasions when he handled them single handedly. In all honesty, this one huge man was confronted at one time by no less than 42 Mexican gang members, all armed with clubs, tire irons etc. and Mr. Hocking not only cleared the immediate area of these "dirtbags", but he actually ran them all three blocks down the street. This was in protection of ST property and equipment that we could not adequately secure due to our on-going construction projects, with Mr. Hocking sleeping in the midst of our otherwise unguarded, unprotected, very valuable, essential tools and equipment.

Aside from conducting ST business in the Eastern Empire region, Mr. Hocking is currently spending his off-duty hours working in near freezing weather with pick and shovel in his hands preparing the "Wolfstadt" property for occupation. He is completing the essential tasks of obtaining the necessary permits for the well, septic tanks, power supply, headquarters building and the first three residences on the property. Since soil perculation tests, drilling operations and construction of sewage disposal systems depend on dry soil, we are hoping the weather holds for just a few more weeks so we can get the basic essentials completed. Once all the underground work is done and paid for, we can get on with the property development plans.

The construction we plan, immediately upon completion of the well, sewer and power installations, will go rather quickly (again, weather permitting), enabling us to complete our move to the Eastern Empire between May and August 1984. We currently plan to remain operational in the Salinas area through the latter part of August so as to complete our commitments to clean the carpets of the school districts next summer. (In order to obtain the healthy paycheck from this contract job, we are contemplating approximately 700,000 square feet of carpeting which, cleaned at the rate of 10 cents per square foot, totals $70,000!) It is difficult to turn our backs on this type of contract, particularly when we can well utilize every dime of that money in providing high quality homes and facilities for our people--and sooner too.

On the political scene in the Eastern Empire region, the most local city to our "Wolfstadt" project recently completed its local government elections to fill 10 elective positions in both city and county government. Get this now! Seven of those positions remain vacant due to a lack of candidates filing for elective office. Of these seven vacant positions (3 school board, 2 police commission and 2 fire district vacancies), attempts to hold-over two incumbents were unsuccessful. Of the three positions filled, all were incumbents running without opposition. If you will consider the political opportunities for White racial candidates in areas like this, we could very well control the entire senate and/or representative districts for our own people before the Jewish system and our "minority opportunity" purist, left wing liberals obtain a foothold and destroy the last precious vestiges of our racial nation!

BUSINESS REPORT

Perspective of the ST Business Director: The following represents the Fair Practice Code for advertising and selling of ST services and/or products.

1. Serve the public with honest values.
2. Tell the truth about what is offered.
3. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.
4. Tell customers what they want to know, what they have a right to know and ought to know about what is offered so they may buy wisely and obtain the maximum satisfaction from their purchases.
5. Be prepared to make good as promised and without quibble on any guarantee offered.
6. Be sure that the normal use of the merchandise or services offered will not be hazardous to public health or life.

The NSV believes in white supremacy and hates Jews, Negros, and Mexicans. They want to receive white youths to be trained in military actions.

No information has been developed on the stockpiling of weapons and ammunition by the NSV for any terrorist act. Relationships exist between the AN and WAR, but no information has been developed that NSV has done or anticipates a terrorist act for or with the AN or WAR.

A copy of this communication is being furnished Seattle and Portland as Wolfstadt is alleged to be on the border of both states.

San Francisco recommends that this DS/T matter be placed in a closed status as it is now constituted and does not appear to meet the criteria contained in the AG Guidelines for a full DS/T investigation.

RESPONSIBLE CITIZENS

As graphic examples of the NSV position that members of the White Survival Movement should be active participants involved in the activities and interests of their local communities, this issue of the NSV Report relates several recent personal, community involvement activities of the Directors. These activities, in contrast with those of leaders of other groups, demonstrates striking differences, particularly those of community involvement and of being active, known and respected members of these local communities:

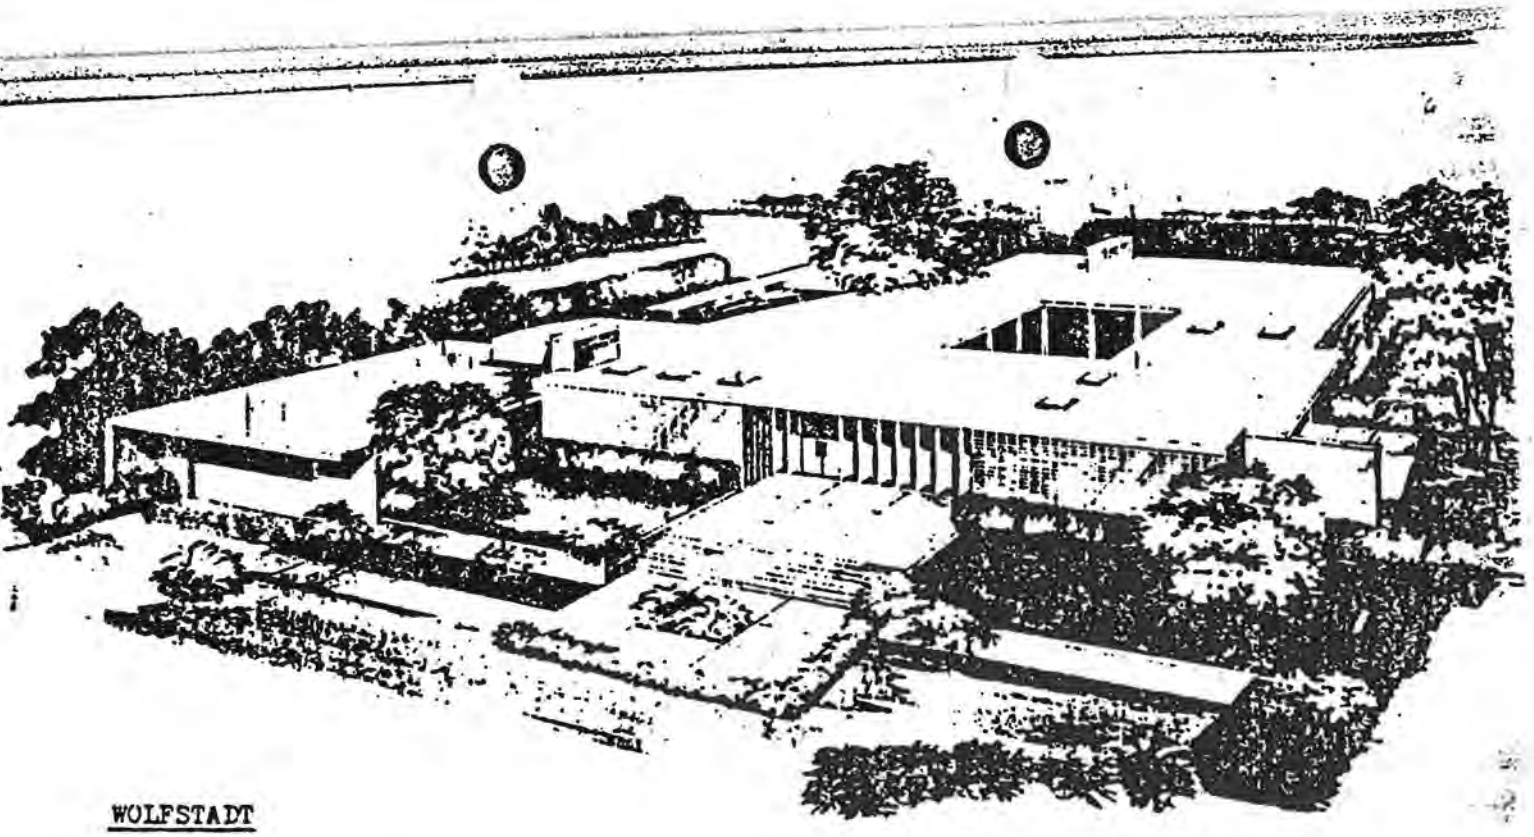
Fort Ord, Calif: Management Director Rick Cooper received an official Letter of Recommendation, dated 10 Nov 83, from his section supervisor. Mr. Cooper was cited for his outstanding performance of duty as a medical transcriber at Silas B. Hayes Army Community Hospital, Fort Ord, California. This letter is now a part of Director Cooper's permanent Federal Civil Service File. The letter was countersigned by the Chief of Patient Administration Division, a black, who was unaware of Director Cooper's outside activities. This does not mean to imply that discrimination against our people, by the system, does not exist, but does show that Movement Activists can funtion well in society, as well as contribute to its improvement, as sick as it is, for the benefit of the Movement.

Goldfield, Nevada: Operations Director Dan Stewart takes high honors in statewide competition. In a statewide competition, known as a "Bus Rodeo", Dan Stewart, the Goldfield High School bus driver walked (or drove) away with a third place. Earning 431 points, he broke up the winning streak of Washoe County (Reno, Nevada area) drivers who took the other four places in the bus driving competition held in Las Vegas Saturday, 28 Apr 84. Less than a week later, Director Stewart was again honored by the members of his community at a meeting of the Esmeralda County School Board, held on 3 May 84. All board members were present, as well as some 15 guests and four board employees. Emotions ran rampant on a number of issues, including renewal of Mr. Stewart's contract as bus driver for the Tonopah-Goldfield High School. A petition presented by a number of parents charged that Mr. Stewart had been too strict in his disciplinary actions and asked the Board not to renew his contract. The Board disagreed and voted four-to-one to retain him.

In supporting Mr. Stewart by renewal of his contract, the board acknowledged the correctness of his actions in solving disciplinary problems in his assumption of a tremendous responsibility in ensuring the safety of children while transporting them to and from school. Mr. Stewart had testified that his policies included the assignment of permanent seats for problem students, evicting trouble-makers from the bus and establishing general law and order. These solutions were effected due to trouble-makers throwing chewing gum, candy, spitwads, snowballs and even rocks inside the bus while traveling down the highway. Additionally, pranksters tried to squeeze toothpaste between his back and the seat while the bus was in motion. There had been fights on the bus as well. The parents of the trouble-makers seemed to encourage all of this and chose to side with their children rather than support the bus driver. After hearing all sides of the issue, the Board, by a four-to-one vote, retained Director Stewart as bus driver of the school year 84 - 85. The one really outstanding fact is that everyone in the Goldfield, Nevada area knows of Mr. Stewart's political affiliations, that he is a National Socialist. Please keep in mind that no known, active, National Socialist, since the end of WW II has ever been elected to a political office, nor have any remained in high governmental, social, or bureaucratic position once their loyalties are discovered and made public. Director Stewart, however, appears to be the blockbuster! On 4 Jun 84, Nevada Governor Richard H. Bryan cited Mr. Stewart for his achievement in the Nevada State School Bus Driver's Safety Road-eo. The Governor noted that Mr. Stewart's placing third in the conventional class represented the Esmeralda School District well in a field of 70 competitors.

Salinas, California: Business Director Fred Surber was summoned for duty on the Grand Jury of the State of California. This jury was to determine the penalty for a young White man who had already been previously convicted of murder-for-hire. On examination, Mr. Surber learned that the "convicted" (sic) young man had been under the forced influence of at least two other men, that the young man had never committed any other offenses, that the young man had been unemployed for a considerable period of time (due to the recession & Reaganomics etc), and that this young man had been seriously ill for a lengthy period of time as well. This young White man was appealing for his life, he had only two options open to him under current California law, either the Death penalty or absolute Life Imprisonment without possibility of Parole.

On the question as to whether or not he could make a moral decision to determine a death sentence, Mr. Surber replied that he was a dedicated National Socialist and would not knowingly sentence a "Good White Man to Death", particularly in view of the known facts at that time, to wit; The two men who had coerced this young man into the commission of the offense had been granted amnesty by the State for pleading no contest to the fact of the commission of the act and by assisting the State in the conviction of this man for said offense. Mr. Surber fully expected this two-fold statement, ie; political belief and refusal to sentence a man to death, would deny him the opportunity to serve on the Grand Jury, but it did not. As the luck of the draw would have it, Mr. Surber was not selected for Jury duty in this case but not as a result of his political beliefs as expected initially. This is a case in point, political beliefs and moral convictions alone cannot deny us our rights of citizenship. Therefore, we have no real need to "closet" ourselves or deny our political and moral convictions, even to explain them to interested parties. Mr. Surber did enjoy a number of long afternoons discussing his political and moral convictions with the majority of the other persons being considered for jury duty. There is even the possibility that these discussions were, in part, responsible for this young man's life being spared, only the individual jurors know for sure.



WOLFSTADT

Above is pictured the overall elevation of the Wolfstadt "City Hall". This building will house the Community administration offices, Security Barracks and business offices of ST Enterprises. Tentative completion date and occupation of our new "headquarters" is scheduled for Spring, 1985.

BUSINESS UPDATE

Since our last report, business has remained consistent and relatively constant. This does not allow us much time for outside ventures due to limited manpower and the myriad of seemingly minor details that must be attended to on a day-to-day basis. However, we are making steady progress, albeit a little more slowly than we would like.

I do feel that a personal comment, regarding manpower, is called for at this time. In previous editions of the NSV Report we announced the movement, relocation and additions of new people to our working staff. Somehow, these personnel just could not work out nor be totally relied upon for reasons known only to themselves and divine providence I suppose. This, in itself, is a little discouraging but also slows our progress to what Mr. Cooper and I are able to accomplish by ourselves. In view of these experiences, we are opting to not rely totally on anyone else in the future. I am not personally elated or satisfied with this but it is a decision that we have had to make in order to continue our efforts to bring Wolfstadt to its completion. We will continue to employ persons at a good salary because that is essential from a business standpoint, but we will no longer recruit persons to fill critical positions nor to perform essential tasks on their own. IT JUST DOES NOT WORK. Admittedly, we have wasted a considerable amount of time, money and effort in training and assigning people in the past couple of years. However, when the chips are down, these people seem to prefer "armchair" revolutions, unrealistic but expensive undertakings, and/or simply outlandish stated goals. It is beyond me why people, when given a workable, straightforward program and solution, they can not get in and work to its completion. I tend to believe that they lack expertise in leadership and ability and are afraid of being involved in successful ventures because, once the project is realized they have nothing to complain about other than their own shortcomings. I would simply like to thank Mr. Brown (aka Hocking) and Mr. Burford for the assistance that they did provide during their times with us and wish them the best in their future endeavors. I do hope that they are able to overcome their shortsightedness in their employment ventures in the future.

LEADERSHIP REPORT

In an effort to promote unity and togetherness within the Movement, NSV representatives were invited to and participated in ceremonies sponsored by other White survival groups. On 7 Apr 84, the NSV attended a crosslighting ceremony in Modesto, California, sponsored by the American Way, KKKK. Imperial Wizard Bill Albers called for this special ceremony to honor Martin Luther King's accused assassin, James Earl Ray, as a reaction to the move to recognize the new Martin Luther King holiday. The ceremony was followed by indoor socializing and comeraderie.

On 20 Apr 84, the White American Resistance hosted a Hitlerfest in San Francisco. The evening's festivities included speeches, video-tape viewings and an elegant meal prepared by National Alliance activists.

On 21 Apr 84, another Hitlerfest was held in San Francisco. This time, it was sponsored by Victor and Laura Malik of the National Socialist Party, and was attended by approximately 25 National Socialist activists of long affiliation in and around the San Francisco Bay area. Here, speeches, video-tape viewings, plenty of good food and a formal National Socialist Ceremony were presented. In the future, the NSV hopes to be able to see more gatherings such as these for the purposes of education, racial pride, unity and overall comeraderie within the Movement.

INVEST IN YOUR FUTURE

For the first time, since its inception, we are offering for sale Common Stock in ST Enterprises, Inc. We presently have a total authorized issue of 20,000 non-par shares of common stock in SERVICE TRADE ENTERPRISES, INCORPORATED. (The name was selected as his best choice, by our attorney) We are offering these voting shares to our readers and racial comrades at $10.00 per share in minimum quantities of five (5) shares per stockholder. In the best interests of our potential stockholders and the corporate laws of the state of California, we do not handle the sale and distribution of stock certificates by ourselves, but rather by us through our attorney and as authorized by the State Commissioner of Corporations. I quote: "It is unlawful to consumate a sale or transfer of this security, or any interest therein, or to receive any consideration therefor, without the prior written consent of the Commissioner of Corporations of the State of California". Total monies received will be utilized to expand facilities at our "Community" project at WOLFSTADT.

Since we began offering shares of common stock to our people, we currently have six (6) stockholders possessing 10,020 shares of stock. Presently there are only 9,980 shares available. Needless to say, we would like to receive offers to own a large share of these remaining stocks in order to hold down the paperwork involved in the transactions and maintenance of stockholder records etc, but we are eager to share with as many of you as possible too.

NSV BREAKTHROUGH

Through the cooperative efforts of ST Enterprises, Inc, the business front of National Socialist Vanguard, we have been able to procure two dynamic movies on VHS Format, Video Cassettes, both on one LP tape. The first is the Academy Award nominee for documentary films in 1976, "CALIFORNIA REICH". This dynamic film was produced by YASNY Productions (Stanford University Film Dept) and featuring the San Francisco Unit, National Socialist White People's Party. This film, to the best of our knowledge is not available from any other source except those we have supplied, to other White survival organizations. The second feature is the much

acclaimed CBS production "THE DAY AFTER". This double feature is available from NSV or your local unit/organization, on one LP Video Cassette in VHS Format only. Cost to Units and Organizations is $25.00 and the cost to private persons is $30.00 shipped postpaid. Unit and/or organization leaders are requested to order films on official letterhead, indicating rank/position. Checks or money orders should be made payable to ST Enterprises, Inc. unless ordering from your local unit. NOTE TO UNIT LEADERS/ORGANIZERS ETC: IN PUBLICATIONS OFFERING SALE OF "CALIFORNIA REICH", YOU ARE TO INCLUDE THE STATEMENT "Made Available through cooperation with NSV/ST Enterprises, Inc" in your copywork and advertizing. Further reproduction is encouraged but we must have that statement in your paperwork both for your and our mutual legal protection of copyrights, trademarks and etc. We have no intention of surrendering our logo, trademarks, copyrights etc, nor will we allow them to be misused, used, copied etc without our express permission and/or compliance with our wishes. At best, this "credit line" can be in your own interest both legally as well as commercially and at worst can prevent hard feelings and serious complications both for yourselves and us. We have excellent credit and credibility both politically and commercially, work with us on this now, we need this information to receive the widest possible distribution and we need your help in doing it.

JAMES PIERMAN IS WHITE STUDENT UNION HERO

On 4 May 83, James J. Pierman, A Davis High School student, witnessed a group of fellow White students, including one of his closest friends, engaged in a serious altercation with a group of Vietnamese refugees (Mong tribespeople). Upon his involvement in this altercation, and seeing the seriousness of the threat involved, Mr. pierman produced a knife and effected a final solution to Thong Huynh. Mr. Pierman has been in good standing with the White Student Union and has helped to recruit many White students from the liberal town of Davis, California into White student activities. California Youth Authorities, incensed due to the racial overtones of this incident, have determined that Mr. Pierman is to be tried as an adult thereby insuring a permanent offense record and to obtain a much more severe penalty for Mr. Pierman than could otherwise be obtained. Authorities are infuriated over the fact that White Student Union literature describing James Pierman as a "hero and inspiration to White students everywhere" was scattered on the school campus where the stabbing took place and also on the gravesite of Thong Hyunh on the day of his burial. Mr. Gregory Withrow, founder and leader of the White Student Union was reported as saying to the press that White students everywhere should follow Mr. Pierman's example and that "this was just a prelude to the racial violence and tension that shall soon engulf California schools everywhere". Anyone desiring to contact the White Student Union either to assist in Mr. Pierman's plight or to participate in its activities may do so by writing to : White Student Union, P.O. Box 41872, Sacramento, California 95841.

NOTE: The NSV does not suggest or condone outright murder as the answer in all instances, perhaps not even this one. However, the incident itself is an indication of the unequality of application of the law when it is applied to a member of the White race and particularly one active in White Resistance. Most of you are aware of the many, many incidents of non-whites attacking White people, particularly juvenile assaults against elderly Whites. In California, such an offense committed by a juvenile (non-White) would be cause for suspension from school (with make-up classes and tutoring in summer classes), and a 90 days to two years probation for being the known aggressor in an "altercation with other youths of the same age group". Our concern here is simply that of equitable law enforcement for <u>our</u> people too.

Adolph Hitler Leadership Medal

Accelerated to NSV Rank of Director, and appointed as NSV/ST Business Director and California Corp Secretary of ST Enterprises, Inc.

By my own admission as well as the opinions of my closest co-workers, I find that my basic personality traits are of dogged stubbornness, goal and mission orientated and often arrogant or beligerant. I do have a deep love and concern for my people and my inherent stubbornness is a heartfelt determination to complete the specific projects involved with the successful completion of "WOLFSTADT" and then to develop other goals and projects to support and maintain it. I have little or no tolerance for any philosophy other than the full program of true National Socialism. I feel that I have the maturity, training, education and ability to serve my people and the cause of Adolph Hitler in a position of trust and leadership, at least until a better qualified or more highly motivated person steps forward with abilities greater than my own. At that time, I will fully support and assist my successor to the fullest extent of my abilities. I fully understand my responsibilities both to the NS Movement and the

people of my race, and also the requirements & responsibilities of being in a position of trust in the Party of our Leader, Adolph Hitler. I am fully aware that the National Socialist Doctrine is based on the Leadership Principle, that it is Totalitarian, having no tolerance for any other form of government or political activity, and that regardless of personal contribution to the Party, the very best member of our Race will become the new leader of the Party and the National Socialist Movement worldwide.

BUSINESS UPDATE

At this point in time, our business ventures continue to prosper. We have been maintaining a relatively stable posture during this reporting period in anticipation of our imminent relocation to the Eastern Empire. This relocation has been a little slow due to administrative circumstances over which we have no control. However, we currently have our fixed plant in escrow with a tentative closing date of 16 Oct 84. This is 4 - 6 weeks later than we had hoped but within our schedule for completion of our essential projects. We did lose out on our anticipated contracts with the Salinas School Districts due to later running of Migrant Ed Summer School and a much earlier start to the school year. This early school start is to allow the Mexican school children with a longer Christmas and Easter vacation at home in Mexico. Furthermore, the school districts now have requirements to hire and/or contract with minority owned or operated businesses from this point forward. Though we will miss the much needed revenue, we will still be able to complete our scheduled projects within our established goals although with a bit more difficulty.

The last note on business is to report that we have completed our professional training program to make us the best at what we do. We have just completed the Restoration Certification Course sponsored by Workmaster Corp. This is not to say that training will end, it won't, but simply that we have completed all the educational requirements for our trades, and will continue refresher training and keep up with new and changing trends in order to stay ahead of the competition.

WOLFSTADT UPDATE

We are very pleased to announce that the major underground projects have now been completed. Our sewer system is finished after a considerable amount of hassle and time spent in getting permits filed and approved. The central well and pumping station are now completed as well. This project ended up costing a good bit more than had been anticipated due to the fact that we wanted all the water we could get, call it "overkill" if you will, and in order to get what we wanted, the well had to go to 835 feet and added a secondary pumping station to the system. This project alone cost in excess of eleven thousand dollars but it is finished now and we will have a beautiful central water system for the Community. We personally completed a quarter mile section of rail fencing while the underground work was being done, the posts being set in concrete for durability. The Public Utilities District is building the power lines in to us now and we have already contracted and paid for the power drop and power terminal on the property. This provides us with electricity for the power tools we will need for the pending above ground construction getting underway. Although bringing in the power is another hefty expense, we will own the power supply for the entire area. Once all the basic work was underway, we built a road sign on the edge of the highway in honor of Richard Johanson, the San Francisco Unit candidate for the San Francisco school board several years ago. As some of you may know, Mr. Johanson was reassigned from the Unit for duty with NSWPP National Headquarters where he was subsequently killed in an automobile accident. As his past Unit Leader, I felt that this type of memorial was appropriate for a man who had done so much for the NS Movement. To

this date, Mr. Johanson's number of popular votes as a National Socialist candidate has yet to be equalled. Though we do not feel at liberty, as yet, to divulge the exact location of "WOLFSTADT", we can give you some idea of where we stand on the project; We have established both a business office and living quarters in the local county seat, and postal service has been initiated along with banking and necessary business services. We are: ST Enterprises, Inc, PO Box 187, ____,___ and ST Enterprises, Inc., 409 South Roosevelt St, ____,___ PHONE: (___) 773-3919. WOLFSTADT, Route 2, Box 171-H, ___,__. And, finally, we have just received a judgement and payment from the land company who sold us the property in the amount of $5250.00 for placing of culverts and completion of the road into the property. This will, of course be supplemented as required in order to guarantee a perfect, all weather surface as soon as it becomes necessary and if so. All this being completed, we are well ahead of our construction schedule, at last. Now, all that remains is to finalize our property sales in the Salinas area and get out of "Mexico" and get on with our above ground construction of our Headquarters and living quarters with plans to have complete and functional HQ facilities next spring. Right now, besides our routine business activities and moving plans, we are looking for a good supply of fruit and nut trees for disposition on the property. I believe that these trees will be adequate boundary lines, in lieu of additional fencing, but also provide ground protection, shade and beauty as well as a useable product.

WARNING

We have received word that the federal government is planning a major "sting" operation against "Klan and Nazi terrorists" in collaboration with the Anti-Defamation League of B'nai B'rith. Going under the name(s) of the "Secret Army Organization" and/or the "Silent Brotherhood" or some similar label, this counterfeit operation is under the auspices of the Bureau of Alcohol, Tobacco and Firearms (BATF) and/or the FBI, and is designed to entrap naive and unsuspecting racial activists. The procedure is for government agents to approach a prospect with an offer of several hundred dollars in deposit money, whereupon he is told to await further instructions--presumably of a highly illegal nature, involving bombing and assassination. Once a person accepts the money, he is "hooked" (i.e; he is guilty of an indictable offense as part of an illegal conspiracy, the preferred method of the government for putting racial activists out of business.

The policy of the NSV has always been quite clear: We have always been and remain a completely legal organization, and do not engage in illegal activity of any kind. Our task is to win the hearts and minds of people, not to engage in acts of terrorism.

Hail Victory!

MANAGEMENT REPORT

TRIP REPORT: During the early morning hours of 10 Oct 84, Management Director Cooper made a 3-week cross country goodwill and organizational trip which covered almost 9,400 miles. On the night of October 12th, Director Cooper arrived in Chicago to catch the tail end of a White racial patriotic meeting which brought several local groups together. Even though it was late in the evening, there was still time to renew contacts with veteran White survival activists. There were visiting and mingling at the meeting hall before a group of us left for the residence of Art and Pat Jones who head the America First Committee (AFC). Also present was Jim Burford of the American Nazi Party (ANP). Pizzas and sodas were enjoyed by all as we watched a videotape of a previous holocaust debate which was held at Naperville Central High School between Mr. Jones and Mr. Burford on one side and a self-professed holocaust survivor on the other. After the tape presentation, the group's size began to dwindle until only a few people remained. At this point, Mr. Jones briefed Director Cooper on the local situation and both discussed the movement situation in general.

On the morning of October 13th, Mr. Cooper, Mr. Jones and an AFC member headed for the Old Sarge PX which is a business front for the ANP. Here, in Cicero, Mr. Burford gave us a guided tour of the store which contains a wide selection of camping equipment, military surplus items, World War II regalia etc. which were all priced considerably lower than the competitors. For those of you interested, you can learn more about Old Sarge PX by dropping in at 5143 1/2 W. 25th St., Cicero, IL. 60650. After a short get-together at a nearby coffee shop, Director Cooper headed for Milwaukee.

In Milwaukee, a runner's discount reservation had already been made at the Park East Hotel for those registered for the Lakefront Marathon, scheduled for the morning of the 14th. Unfortunately, Director Cooper was injured as a result of a mishap during the initial part of this trip so he never ran. However, the room rate was cheap and a shower and good night's rest were in order.

More personal contacts and visiting were enjoyed in the swamp lands of Northern Wisconsin on the 14th and early 15th before heading to Indiana for more of the same.

On 16 Oct 84, respects were paid to Pastor and Mrs. Bob Miles of The Mountain Church in Michigan. Once again, the Movement situation and strategy were discussed. Indeed, things were looking better for the church as the new computer system was just then being installed by a young computer genius, Mike Miller. Unfortunately for the entire Movement, Mr. Miller was subsequently killed by a drunken motorist in Montana as he and his wife were heading towards Aryan Nations in Idaho to continue Movement work.

On October 17th, a brief visit was made with Mr James Mason of Chillicothe, Ohio. Arrangements for photo work were made as well as a brief update on Movement matters.

For the next 5 days, visiting was conducted in the Tri-State Area of Virginia, Maryland and Washington, D.C. On the 22nd, the Management Director was in North Carolina. The remainder of the trip coursed through South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, New Mexico, Arizona and back to Salinas at 10:30 a.m. on 31 Oct 84, just in time for a 4-hour nap before reporting to work at 3:30 p.m.

AN EXAMPLE OF BARTER: The NSV has always encouraged bartering as a means of exchanging goods and services between our people as opposed to participation within the Jew-nited States Government system which involves taxation, for the most part, to a government which does not have the best interests of our people in mind. During the middle part of November, lingering bilateral ankle injuries sustained by Director Cooper (when he carried a 5-gallon G.I. gas can almost 4 miles after his car ran out of gas on 10 Oct 84 at about 3:30 a.m.) prompted him to seek professional medical help. A specialist in Santa Cruz was recommended by local running contacts. To insure that there were no fractures, three or four x-rays were taken of both ankles at the adjacent hospital with which the sports podiatrist was affiliated. The hospital bill totalled $94. Immediately after receiving the bill, Director Cooper contacted the hospital to ask for the opportunity to work off the debt. To both his surprise and pleasure, the hospital went for it! It was agreed that 12 hours of transcribing medical reports would be sufficient to eliminate the debt, and this was done on Satur-

day and Sunday, 1 & 2 Dec 84. Not only was this $94 saved which could be used for other purposes, but Director Cooper was offered a job twice by the head of the Medical Records Section, Community Hospital of Santa Cruz!

JEW-NITED STATES LOSES TWICE: In the spring of 1984, a representative from the Jew-nited States Government called the NSV Management Director's place of employment, asking very pointed questions of Mr. Cooper's supervisor. The caller was from the Internal Revenue Service (IRS). The caller asked such questions as "Does he still work there?", "Does he do as he is told?", "Is he a trouble-maker?", "Does he report to work on time?", "Does he get along with his coworkers?", "Is he a radical?", "Is he militant?", "Does he talk of guns?", "Are you a personal friend of his?", "Does he still live at the same address?" etc. All answers given to the caller were favorable towards Director Cooper to which the caller occasionally responded that such was not what he had heard The caller ended the call by asking that Director Cooper not be informed that the IRS called and that they (the IRS) would stop by Mr. Cooper's home address the next day.

Sure enough, as Director Cooper was preparing to leave for work on the next day, two men in ties and sports coats asked to speak with him regarding his failure to file for income tax for the past several years. The agents were informed that nothing else needed to be said than what was told the previous IRS agent who visited Mr. Cooper on 26 May 82 while he was working at Georgetown University Hospital in Washington, D.C. The only information given the agent was that there was no intention of filing as well as a number of complaints given regarding this country's anti-White government. The agent who did the talking was in his 50s and had a large bump or welt near his left eyebrow which we hope indicated that some citizen took exception to this agent at some point in the past. The other man just looked on, watching

During the wasted time of the visit, the two men remained on the sidewalk. The talker was polite and respectable while the other man silent. The talker quoted technicalities of the law and legal requirements to which Director Cooper replied that he owes no loyalty to the IRS. Furthermore, Mr. Cooper stated that should he be in error for any of his beliefs or actions that he would answer for it. At about this time, the two IRS agents decided to pester someone else so they left.

The degree of caution now used by the IRS and other Jewish agencies when dealing with American citizens can best be explained by the reproduced article from The Spotlight.

Within a week after the visit by the IRS agents, Director Cooper received a call at his job. The call was short and to the point. It was from a collection agency, wondering if

Mr. Cooper had any intention of paying the balance of the Federal Insured Loan he received while attending college in '68-'73. The answer was negative. The caller replied, "I didn't think you had changed your mind--We'll just turn the matter over to the Federal Government". It is interesting to note that the Federal Government gives billions of dollars away to communist and other enemy countries and then expects its citizens to happily repay low-cost loans, as if the Jew-nited States Government is doing us a favor!

Incidentally, Mr. Cooper is open with respect to his employment, has never used an alias name, had his fingerprints taken when he was first hired on 2 May 83, and doesn't give to Caesar what isn't Caesar's.

MANAGEMENT DIRECTOR PROMOTED: In NSV Report, Vol. 2, No. 2, Director Cooper's place of employment was announced. Effective 16 Sep 84, Director Cooper received a merit promotion to GS-5, making him now lead medical transcriber and evening shift supervisor at his Federal Government job, where he has been employed for almost 2 years. This reflects the fact that highly active people can be gainfully employed in responsible positions without their professional lives interfering with their political activities.

UNITY IN CALIFORNIA: During 1984, the NSV had maintained good rapport with other bonifide White survival groups. In California, there are three basic groups that control about 90% of all organized White racial patriotic activity. These groups are: The White Student Union (WSU), the White American Political Association (WAPA) and the National Socialist Vanguard (NSV). The NSV has the greatest combination of intelligence, program and ability of all the National Socialist groups in the country. WAPA is headed by Mr. Tom Metzger of Fallbrook. Mr. Metzger is a self-employed businessman and family man, and successful to boot! He also won the Democratic nomination for U.S. Congress for his district in the past. The WSU is headed by Mr. Greg Withrow of Sacramento. Mr. Withrow is a real spark plug when organizing White students, as indicated in a previous NSV Report, and he maintains close contact with the NSV and WAPA. The maturity of these three groups and their business like methods of Movement activity have resulted in a mutual respect among us all and a healthy cooperation regarding overall Movement security. For sure, any upstart individual or group must earn the respect of the "big three" before it will have any measurable degree of acceptance within the Movement in this state. The following will serve as a warning for those who plan to cause trouble for the Movement out here.

TROUBLE-MAKERS, BEWARE!: Since the NSV s inception, The Directors realized that we would be a prime target for agent provocateurs, trouble-makers and others either working for the Jew-nited States Government or themselves because of the

NSV's practical and business-like method of operation, its respect and influence within the Movement nationally and internationally (i.e; Perseverance, summer of 1984) and its subsequent success as a vanguard organization within the Movement. Both the NSV and ST Enterprises are legal above-board organizations--ST Enterprises being a legal California State corporation and the NSV an unincorporated association. In Salinas, the city council local Jewish leaders, chamber of commerce and law enforcement agencies know what the affiliation is, but there has never been any publicity, basically because we don't seek any and because the enemy realizes that publicity would most likely be favorable to us and we make it a point that this would be so. It is apparent to The Directors that sooner or later, the enemy would have to move against us, but we do not know exactly how or when.

BUSINESS REPORT

NSV ENTERS HIGH TECH: The NSV now has a computer system in operation which has allowed us to almost double our productivity in answering correspondence, handling the mailings and maintaining Movement activities. Most of the larger White survival organizations have computers also, but we would like to point out something to those of you who are unaware. Certain groups in the past have appealed for donations so they could buy the computers, often appealing for and receiving an amount far in excess of what they need to purchase the computers. Next, they use the computers to send out fund appeal letters to those on their mailing lists. Then they use the computers to send out membership renewal notices and sometimes supporter pledge notices. Finally, they use the computers to notify subscribers when their subscriptions for the organizations' publications have expired. Basically, these groups use the computers, that their supporters buy, to extract more money from these same supporters. In contrast, the NSV has financed its computer by its own hard work and industry without appealing for donations.

CAUTION: The telephone lines are not secure! It has been brought to our attention that some White nationalist groups and individuals have been transmitting sensitive information over the telephone lines via computer MODEMs, believing that the information would be safe from eavesdroppers. This is convenient and timesaving without thinking as an eavesdropper can legally tap the line with his own computer and obtain a copy of whatever information traverses the line The Directors would like to remind our people who enjoy their expensive toys that the telephone lines are not secure and even though illegal wire tapes are not allowed as court evidence, transmissions via computer MODEM are not considered illegal taps. Furthermore, such taps could provide leads to evidence that is legal in court.

ST ENTERPRISES UPDATE: At the present time, we are anxiously waiting for our bookkeeper to finish our last quarter and fiscal/calendar year Profit and Loss Statements, and our corporate tax forms so that we can see where we stand financially before we relocate. From what we have been able to determine so far, it looks like we will be able to meet current construction cost estimates and new equipment investments, and be able to begin paying stock dividends to our current stockholders on an annual basis. Dividends will, of course, be prorated by dates of acquisition of shares, number of shares held and dividends paid against our allotted 20,000 shares of stock. To the best of our knowlege this is a first within the Movement since the 1923-1945 era. We also must realize that, at the current time, the NSV has the only legalized corporation within the Movement. We grant you that some other organizations have filed for subchapter corporation recognition and then subsequently filed with the IRS for varying degress of tax exemptions but no other group or organization of which we are aware has a recognized fullblooded state corporation with authorization for issuance of legal stock certificates and endorsed by the State and Federal Governments as well as the Securities and Exchange Commission. We think this says a lot for us in and of itself. Also, and to our benefit, is our standing in the business community at large, our past political achievements and our high tech involvement and acquisition. We well remember that it took nearly 20 years for the past-largest elite organization to become computerized alone. The NSV is barely 3 years old and we are not only on-line with computer technology, but we also have obtained and are utilizing a number of other high tech items in our business and political endeavors. We now have the state-of-the art computer facility, a new Type-a-Graph machine, videocassette recorder equipment, videocamera and power equipment to put us at the head in the technical productivity fields.

REMINDER: The Directors would like to reminder our people that our land, its development, computer system and vehicles, as well as all other aspects of NSV operations, have been made possible by our own hard work and industry. The next time somebody receives a funds appeal letter from some outfit, he should think twice before parting with his money.

OPERATIONS REPORT

WOLFSTADT UPDATE: Effective 1 November 1984, we finally closed escrow on our only fixed plant in the Salinas area this plant being the last and only thing holding us to this area. The only drawback with the escrow closing date was the fact that the weather in the Wolfstadt area would not permit our relocation during that time frame. The weather situation is still our present holdup on relocation out of Mexico here. Hopefully, our second quarter report will be coming from the

new area as we should be finished with relocation by the middle of April. Immediately following our relocation, we will begin our above ground construction and establishing our business enterprises in the surrounding communities.

WANTED

Mr. Mike Brown, head of Commander Rockwell's U.S. Nazi Motorcycle Corps, is planning to become active again. He asks that former members of the Oakland Suicide Squad, the Iron Cross Motorcycle Club and other fighters who are interested in "hitting the bricks" with him again to contact him at P.O. Box 89, Draper, Utah 84020-0589.

MEMBERSHIPS

We have received a number of requests about NSV memberships. The NSV has no memberships for the reasons that we have stated in previous NSV Reports; specifically, that the real reason for memberships is for dues revenues. The NSV is self-sufficient via ST Enterprises, Inc. For those who want to feel that they have a part in what the NSV is doing, ST Enterprises offers stock which is handled through our attorney. Instead of showing your friends a membership card, you can show off a stock certificate which can be cashed in as easily as it was purchased

WE APOLOGIZE

We apologize for the delay in getting out the NSV Reports and answering some of the correspondence.

Hail Victory!

This issue of the "NSV REPORT" contains a trip report which describes in great detail a three and one-half week cross country "goodwill and organizational trip," which was undertaken by NSV Director, RICK COOPER. The trip report provides names and locations of various contacts made by COOPER throughout his trip. Additionally, the "NSV REPORT" contains a section encouraging NSV affiliates and sympathizers to move to the Goldendale, Washington, area.

COOPER's trip report also contains a section discussing a meeting between COOPER and ROBERT MILES of the MOUNTAIN CHURCH (believed to be located near Lansing, Michigan). This discussion centered on efforts by the MOUNTAIN CHURCH and the NSV to organize a nationwide support system for white extremists who are in prison.

Omaha Division is furnishing this information to all receiving offices for information only. Further investigation is being left to the discretion of each receiving office. UACB.

The NSV publishes a pamphlet (on a quarterly basis) which is sent to interested individuals. The April/June, 1985 issue of the NSV Report, Volume 3 - No 2, contained the following:

"MANAGEMENT REPORT"

"30 Jun 85: WAR MEETING, SACRAMENTO, CALIFORNIA. This evening, the White Student Union (WSU) sponsored a meeting for the White American Resistance (WAR). Tom Metzger of WAR was the principal speaker. Other speakers were Gregory Withrow of the WSU, Rick Cooper of the National Socialist Vanguard (NSV) and Lycia Andrewson of ASATRU Free Assembly (an Odinist organization). Mr. Cooper, Mr. Withrow and Mrs. Andrewson spoke briefly about their respective organizations. Mr. Metzger spoke extensively about the current state of Movement affairs." [redacted] The July/September, 1985 issue of the NSV Report contained the following information:

"During the afternoon of the 9th, Director Cooper arrived at the Mountain Church where he visited with Pastor and Mrs. Robert Miles. Discussed were a number of things that could not be covered either through the mail or over the telephone."

The exact date of the contact was further shown in the article as July 9, 1985. [redacted]

[redacted] COOPER is scheduled to speak for the NATIONAL VANGUARD as an ARYAN NATIONS' leader at the planned ARYAN NATIONS' Congress, to be held from July 12-13, 1986, at the CHURCH OF JESUS CHRIST CHRISTIAN, Hayden Lake, Idaho, which is operated by Reverend RICHARD BUTLER. Other scheduled speakers are:

Dr. ED FIELDS	National States Rights Party; Editor, The Thunderbolt
Carl Hand	National Socialist Liberation Front, Aryan Nations Leader
Terry Long	Aryan Nations of Canada Leader
Tom Metzger	White American Resistance (W.A.R.)
Robert Miles	Pastor, Mountain Church; Aryan Nations Ambassador
Glenn Miller	White Patriot Party, Aryan Nations Leader
Thom Robb	National Chaplain, Ku Klux Klan.

The advertisement announcing this meeting characterizes these speakers as, "These are among the foremost Christian Nationalist Leaders in North America!," "The enemy is now a flood!," and "These are the men lifting up the standard against him!"

NATIONAL SOCIALIST VANGUARD,
GOLDENDALE, WASHINGTON;
DOMESTIC SECURITY/TERRORISM

An inquiry was initiated in January, 1986, regarding the National Socialist Vanguard (NSV), based upon information that the organization had moved to Goldendale, Washington, from Salinas, California. The professed purpose of their move to Washington was to establish "Wolfstadt" as a training camp in a rural area near Goldendale, Washington. [redacted]

NSV also established a carpet cleaning business in Goldendale, which appeared to be a primary source of NSV funding. [redacted] The resulting press coverage [redacted] and his affiliation with NSV resulted in their carpet cleaning business closing in Goldendale.

100-48143-19

1 FEB 23 1987

FROM FBIHQ TO SEATTLE, DATED JULY 3, 1986, SEATTLE WAS ADVISED THAT IF A RENEWAL OF THIS INVESTIGATION WAS DESIRED, SEATTLE SHOULD PROVIDE FBIHQ WITH A LETTERHEAD MEMORANDUM (LHM) REPORTING THE RESULTS OF THEIR INVESTIGATION. THIS LHM SHOULD BE SUBMITTED TO ARRIVE AT FBIHQ AT LEAST TWO WEEKS PRIOR TO THE DECEMBER 30, 1986, EXPIRATION DATE. IN THE TWO REFERENCED TELEPHONE CALLS, SSA [redacted] WAS ADVISED THAT THE NSV INVESTIGATION WAS DUE TO EXPIRE ON DECEMBER 30, 1986, AND IF SEATTLE WANTED TO RENEW THE INVESTIGATION, SEATTLE SHOULD ADVISE FBIHQ IN SUFFICIENT TIME, PRIOR TO THE EXPIRATION DATE, TO OBTAIN THE NECESSARY FBIHQ APPROVALS FOR THE RENEWAL. AS NO COMMUNICATION WAS RECEIVED AT FBIHQ BY THE CLOSE OF BUSINESS DECEMBER 30, 1986, REQUESTING A RENEWAL OF THE NSV INVESTIGATION, FBIHQ CLOSED THIS CASE. REFERENCED AIRTEL FROM SEATTLE TO FBIHQ, DATED DECEMBER 23, 1986, ARRIVED AT FBIHQ JANUARY 5, 1987. THIS AIRTEL REQUESTED A RENEWAL OF THE NSV INVESTIGATION. AS REFERENCED AIRTEL ARRIVED AT FBIHQ SIX DAYS AFTER THE EXPIRATION DATE, FBIHQ WILL NOT AUTHORIZE A RENEWAL OF THIS INVESTIGATION.

b7C

IN ADDITION, A REVIEW OF THE LHM ATTACHED TO THE

REFERENCED DECEMBER 23, 1986, AIRTEL, DOES NOT CONTAIN SUFFICIENT JUSTIFICATION FOR A RENEWAL. THE LHM INDICATES THAT [redacted] IN FACT, THE LHM CONTAINS VERY LITTLE INFORMATION OTHER THAN WHAT WAS PROVIDED INITIALLY TO AUTHORIZE A DS/T INVESTIGATION.

b7c

AS STATED PREVIOUSLY, FBIHQ IS NOT AUTHORIZING A RENEWAL OF CAPTIONED INVESTIGATION. IF THE SEATTLE FIELD OFFICE DESIRES TO CONTINUE THIS INVESTIGATION, A PRELIMINARY

INVESTIGATION MUST BE INITIATED PURSUANT TO THE ATTORNEY GENERAL GUIDELINES. SEATTLE WILL ADVISE FBIHQ OF THE SEATTLE FIELD OFFICE'S INTENTIONS REGARDING THIS MATTER.

BT

NOTE:

ON JULY 3, 1986, THE SEATTLE FIELD OFFICE WAS AUTHORIZED A DOMESTIC SECURITY/TERRORISM (DS/T) INVESTIGATION FOR THE NATIONAL SOCIALIST VANGUARD (NSV), A RIGHT-WING GROUP. THIS INVESTIGATION WAS TO EXPIRE ON DECEMBER 30, 1986. IN DECEMBER, 1986, TWO TELEPHONE CALLS WERE MADE TO ADVISE THE SEATTLE SUPERVISOR OF THE EXPIRATION. HE INDICATED THEY MAY NOT RENEW THE INVESTIGATION. ON JANUARY 5, 1987, AN AIRTEL FROM SEATTLE, DATED DECEMBER 23, 1986, REQUESTING A RENEWAL, WAS RECEIVED AT FBIHQ.

THE LETTERHEAD MEMORANDUM WHICH ACCOMPANIED THE AIRTEL TO JUSTIFY THE RENEWAL, CONTAINED VERY LITTLE INFORMATION WHICH HAD NOT BEEN PROVIDED FOR THE INITIAL AUTHORIZATION, AND NOT ENOUGH NEW OR PERTINENT INFORMATION TO AUTHORIZE A RENEWAL FOR A FULL DOMESTIC SECURITY CASE. THIS COMMUNICATION ADVISES SEATTLE OF THE DENIAL FOR THEIR REQUEST, DUE IN PART TO THE TARDINESS OF THEIR REQUEST AND THE LACK OF JUSTIFICATION.
